Dear Mr. Eaton:

I regret the delay in acknowledging your letter of April 18, but nevertheless wish to assure you that we appreciate your interest in referring to WJR's all-night programs on your station sign-off.

We realize of course that this constitutes a plus service on your part and the knowledge that you are doing so manifests again the spirit of cooperation which the radio industry enjoys among its representative members. I sincerely hope that the quality of our programs and the services presented will continue to find favor with your regular listeners.

Sincerely yours,

F. Mitchell
